SUPER SELECT II 4WD SYSTEM

Mitsubishi's unique Super Select II 4WD system offers four different drive modes for improved driver control and passenger safety. The 4H drive mode distributes torque in a 33:67 ratio between the front and rear wheels for safer on-road driving in slippery conditions i.e. gravel and wet roads. 4HLc (4WD High range with CD locked) distributes torque equally between the front and rear wheels for improved traction on sand, dirt and snow. 4LLc (4WD Low range with CD locked) provides greater torque for extreme off-road conditions.

ROCKFORD FOSGATE® SOUND SYSTEM*

Pajero's audio system consists of an 860W High Power AMP and 12-speakers, including tweeters, woofers and subwoofers. This multichannel audio system offers sound clarity typically reserved for only the finest of home theatres. The speakers are placed throughout the vehicle for optimal sound balance, giving you complete music enjoyment everywhere you go.

FOLD-AWAY 3RD ROW SEATS*

The 3rd row seats can be easily folded up and stowed away in Pajero's underfloor compartment, then folded out again when you need the extra seating capacity. This gives you plenty of room for groceries, suitcases or bulky cargo.

Manufacturer's Warranty: 3 year / 100 000km. Road Side Assistance: 5 year Unlimited Mileage. Maintenance Plan: 5 year / 100 000km. Service Intervals: Every 10 000km.
